Aprašymas

The Samsung ViewFinity S7 S27H700EAU is a 27-inch 4K desktop monitor designed for clear detail and consistent color in creative and productivity workflows. The IPS panel delivers wide 178-degree viewing angles and accurate color reproduction across most of the sRGB spectrum, while HDR10 support and a high brightness level help bring compatible content to life. Picture-in-picture and picture-by-picture modes simplify multitasking and monitoring multiple sources, and a compact tilt-adjustable design with VESA compatibility makes it easy to position the display for comfortable long sessions. Built-in energy-saving and eye comfort features reduce power draw and visual fatigue for everyday use, while HDMI and DisplayPort inputs plus a headphone jack provide straightforward connectivity for desktops and external devices.
