175.99€

Freewell Insta360 Luna Ultra Filter Set (12 pcs.)

The Freewell Mega Filter Kit for the Insta360 Luna Ultra includes 12 carefully selected filters that let you prepare for almost any lighting condition. The set includes ND8, ND16, ND32, ND64, ND128, ND256, ND1000, hybrid ND/PL filters, a CPL filter, a Glow Mist 1/4 filter, and an LPR filter that reduces the effects of light pollution. This allows you to easily control the amount of light reaching the sensor, reduce glare, enhance color saturation, achieve a cinematic soft-light effect, and capture sharper shots of the night sky and urban landscapes.

Instant Swapping and Complete Creative Freedom

The filters feature a magnetic quick-mount system that allows for efficient swapping even while recording. This lets you instantly adapt your setup to changing conditions or your desired effect

without interrupting your work. The lightweight design was created specifically for the Insta360 Luna Ultra camera, so it does not interfere with the 3-axis stabilization or the dual-lens system. It's the perfect choice for creators who expect maximum flexibility, high-quality imagery, and full control over every shot.
