Aprašymas

DarkFlash C365 computer case (black) + 5 fans

DarkFlash C365 is a functional computer case designed for effective display of components while maintaining compact dimensions. The column-free design offers a 270° panoramic view, allowing for a full presentation of the interior – for example, components with backlighting. The option to install up to 7 fans allows you to create an efficient cooling system, and compatibility with various motherboards (E-ATX, ATX, M-ATX, ITX), graphics cards up to 330 mm in length, and CPU coolers up to 170 mm in height provides many expansion options. What's more, the set includes not only the case, but also 5 fans.

270° panoramic design without corner profile

The C365 model uses two tempered glass panels that provide a wide 270° view of the interior. The lack of a vertical corner profile makes all components perfectly visible, which works especially well in configurations with RGB lighting. This design allows you to freely experiment with the design – realize your creative ideas and give your computer a unique character!

Three-dimensional airflow system

The C365 is designed for effective component cooling. Large ventilation grilles with numerous openings create a three-dimensional airflow channel that supports effective heat dissipation from inside the case. This solution improves temperature stability even when using demanding components.

Create an efficient cooling system

The DarkFlash C365 allows you to install up to 7 fans or 240 mm water cooling on the top panel (while maintaining a memory module height limit of 46 mm). This allows you to create an efficient and organized system tailored to your needs. Play, work, and more without worrying about your PC overheating.

A configuration tailored to you

The interior of the case offers space for a graphics card up to 330 mm long and CPU cooling up to 170 mm high. The C365 is also compatible with E-ATX, ATX, M-ATX, and ITX motherboards and offers 7 expansion card slots. You can also install an SSD or 2 HDDs. Don't worry about running out of space for your files!

Convenient access to buttons and ports

The case is equipped with several useful ports – it offers a USB-A 3.0 connector, two USB-A 2.0 connectors, and an HD audio jack. Power and Reset buttons are also available. So you can comfortably use your computer, connect peripherals, listen to music through headphones, and more.

Manufacturer	DarkFlash
Model	C365
Case type	Mini tower
Side panel	Tempered glass
Motherboard standard	E-ATX / ATX / M-ATX / ITX
Power supply standard	ATX
Internal drive bays	SSD x1 / HDD x2
Expansion card slots	7
Max power supply length	160 mm
Max graphics card length	330 mm
Max CPU cooling height	170 mm
Max number of fans	7
Fan mounting options	Top: 120 mm x2 / 140 mm x2 Side: 120 mm x2 Rear 120 mm x1 Bottom 120 mm x2
Water cooling mounting options	Top: 240 mm (with memory module height limited to 46 mm)
Number of fans installed	5
Fan type	120 mm
Buttons and controls	Power, Reset
Connectors	USB-A 3.0 x1, USB-A 2.0 x2, HD Audio
Material	0.55 mm SPCC
Color	Black
Height	375 mm
