

Bramka smart home Yeelight Hub E1 Matter

Modelis: YP-0751

Gamintojas: YEELIGHT

EAN: 6924922263319

Prekės kodas: 605077

72.99€

Yeelight Hub E1 Matter Smart Home Gateway

The Yeelight Hub E1 Matter is a modern smart home gateway that combines the functions of a Matter controller, a Thread Border Router, and a Matter Bridge. It enables local control of automated systems without the need for constant internet access, supports up to 150 slave devices, and works with Apple Home, Google Home, Amazon Alexa, and SmartThings. With Wi-Fi, Bluetooth, and Thread connectivity, it ensures stable communication between compatible devices, and support for the Matter standard simplifies the integration of devices from different manufacturers. Its compact design, emergency takeover function with data migration, and privacy-focused design make the Yeelight Hub E1 a solid foundation for a modern smart home system.

Smart Home Management Hub

The Yeelight Hub E1 is designed as the central hub of a smart home system. It combines the functions of a Matter controller, a Thread Border Router, and a Matter Bridge, enabling

communication between devices using different standards. This solution simplifies the configuration of the entire system and reduces the need for additional gateways. As a result, managing your smart home becomes easier and more convenient, regardless of the number of connected devices.

Local automation without relying on the internet

One of the most important advantages of the Yeelight Hub E1 is the ability to perform automation locally, without needing to use the cloud. Thanks to this, scenarios such as automatically turning on lights, activating motion sensors, or triggering other compatible devices can still function even in the event of a temporary loss of internet access. Local processing reduces the system's response time and increases its reliability. Additionally, data remains on the local network, which enhances user privacy.

System expansion to up to 150 devices

The gateway supports up to 150 slave devices, making it suitable for both apartments and larger homes. Expanding your smart home does not require replacing the hub, allowing you to gradually add more compatible devices. The Yeelight Hub E1 also supports multiple hubs operating on a single local network, making it possible to create a stable system covering several floors or a larger area. This solution provides greater flexibility when planning and expanding the entire installation.

Compatibility with Popular Platforms

Thanks to Matter certification, the hub works with the most popular smart home management platforms. Support for Apple Home, Google Home, Amazon Alexa, and SmartThings allows you to use a single system even when devices come from different manufacturers. The Matter standard makes it easier to add new accessories and enhances their mutual compatibility. This gives users greater freedom when expanding their smart home.

Stable Communication and Flexible Connectivity Options

The Yeelight Hub E1 supports communication via Wi-Fi, Bluetooth, and Thread, allowing you to choose the connection method that best suits your network. A wired connection ensures high operational stability, while wireless connectivity lets you conveniently place the device wherever you

choose. The built-in Thread Border Router enables you to create a convenient mesh network for Thread-compatible devices. The result is seamless communication and smooth operation of the entire smart home system.

Manufacturer	Yeelight
Model	YP-0751
Device Type	Smart home gateway
Standard	Matter
Maximum Number of Supported Devices	up to 150
Connectivity	Wi-Fi, Bluetooth, Thread
Power Supply	5 V □ 1 A
RAM	128 MB
Flash memory	128 MB
Dimensions	84 × 84 × 21 mm
Local automation	Yes
Support for multiple hubs on a LAN	Yes
LAN API	Yes

Gross weight: 340, Net weight: 273, Box length: 10,50, Box width: 10,00, Box height: 10,50, Connectivity: Wi-Fi, LAN port: Tak, GPSR Link: https://psr-assets.innpro.pl/smarthome/sg_smarthome_controls.pdf, Information about data generation: <https://dataact.innpro.pl/YEELIGHT/6924922263319>, PPWR: https://ppwr.innpro.pl/yeelight_
