Aprašymas

Hear every detail, feel every beat

Exceptional audio with Sound by Bose technology

Immerse yourself in rich, balanced sound that feels natural and engaging, whether you’re unwinding with music or watching your favorite shows.

Power meets precision

Powerful 11mm dynamic drivers deliver deep, full-bodied bass, while dedicated balanced armatures from Knowles add clarity and precision. Together, they create a rich, immersive sound that’s perfect for focused listening or laid-back moments.

Hi-Res audio, wirelessly

Enjoy music the way it’s meant to sound, clear and full of detail. LHDC (Low-Latency High-Definition Audio Codec) delivers high-quality, low-latency wireless audio for a richer, more immersive Bluetooth® listening experience.

Immersive sound all around

Spatial Audio5 expands your listening experience into a 360-degree space, making movies sound more cinematic, and music more immersive.

Tune out the noise. Tune into clarity.

With Dynamic ANC tuned with Bose engineers, moto buds 2 plus reduce background noise automatically, adjusting to your environment so you stay focused, present, and in control of your sound.

An advanced 6-mic system (3 per earbud) with Environmental Noise Cancellation keeps your voice clear by reducing background noise. In louder settings, Crystal Talk3 AI adds intelligent noise reduction for clearer calls.

Transparency Mode lets outside sound in while your audio keeps playing, so you stay aware of your surroundings without breaking your flow.

Power that outlasts your playlist

Enjoy long-lasting battery life that moves effortlessly from work to play, with 9 hours of listening on a single charge1 and 40 hours in total1 . And when you’re running low, a quick 10-minute charge delivers 2 hours of playback2 , so your music keeps up with you.

Switch devices seamlessly

Stay connected to two devices at once with Dual-Connection3 , making it easy to switch from a call on your laptop to your favorite playlist on your phone.

Share the moment

Share music, movies, or podcasts with Audio Share3 by connecting two sets of earbuds to one phone for effortless, private listening together.

Press with purpose

Stay in control with customizable press controls3 designed to reduce accidental touches and keep every interaction intentional.

Never miss a beat

Smart wear detection3 automatically pauses your audio when you remove the earbuds and resumes when you put them back in, keeping every moment perfectly in sync.

Intelligence at your fingertips

Press and hold your buds to instantly access moto ai6 - your hands-free shortcut to staying in control. From summarising notifications and meetings to saving key moments and finding answers fast, it keeps you effortlessly one step ahead.

Never miss a beat

Smart wear detection3 automatically pauses your audio when you remove the earbuds and resumes when you put them back in, keeping every moment perfectly in sync.

Small in size, big on performance

All-day comfort

Compact and comfortable by design, moto buds 2 plus stay secure while reducing pressure for effortless all-day listening.

Water-repellent design4

From workouts to light rain, an IPX4 water-repellent4 rating keeps moto buds 2 plus protected and your music playing.

Find the perfect fit

Enjoy a secure seal that enhances both comfort and sound quality with a Fit Test3 that helps you find the right ear tip for you.

Strong connection

With Bluetooth® 6.0, enjoy quick pairing and a strong, steady connection that keeps up wherever you go.

Techninė specifikacija

Performance	
Product type	Headset
Wearing style	In-ear
Recommended usage	Calls/Music
Headset type	Binaural
Product colour	Blue
Colour name	PANTONE Silhouette
Control unit type	On-ear control unit
Control type	Touch
Protection features	Water repellent
International Protection (IP) code	IPX54
Ports & interfaces	
Connectivity technology	Wireless
USB connector	USB Type-C
Bluetooth	Yes

Bluetooth version	6
Headphones	
Ear coupling	Intraaural
Driver unit	1.1 cm
Noise canceling	Yes
Noise canceling type	Active
Noise reduction	Yes
Microphone	
Microphone type	Built-in
Number of microphones	6
Battery	
Battery type	Built-in battery
Right earpiece battery capacity	60 mAh
Left earpiece battery capacity	60 mAh
Continuous audio playback time	9 h
Continuous audio playback time (with charging case)	40 h
Battery capacity (charging case)	520 mAh
Fast charging	Yes
Weight & dimensions	
Left earpiece weight	4.6 g
Right earpiece weight	4.6 g
Charging case dimensions (W x D x H)	64 x 48 x 25.5 mm
Charging case weight	36 g
Packaging content	
AC adapter included	No
Charging stand	No
Quick start guide	Yes
Power	
USB Type-C charging port	Yes
USB Type-C required charging power (min)	2.5 W
USB Type-C required charging power (max)	4 W
Other features	
Equalizer	Yes
Equalizer modes	Bass Boost
