Pagrindinės savybės

- ✓ Black Office/Call center Ear-hook Headset
- ✓ Wireless Bluetooth
- ✓ Bone conduction
- ✓ Microphone type: Boom/Built-in microphone
- ✓ Built-in battery

Aprašymas

Advanced Open-Ear Design

Unlike traditional headsets that cover your ears and cut you off from your surroundings, OpenComm2 UC's open-ear design keeps you connected to the world without compromising on comfort or audio quality.

Lightweight and Easy

The OpenComm2 UC is remarkably light and portable, weighing only 35g.

Effortless Comfort

With a flexible wraparound frame and soft silicone finish, the OpenComm2 UC delivers easy, effortless, all-day wear.

Crystal-Clear Calls

Bring conversation to life and take calls with crystal-clear audio, thanks to a noise-canceling microphone with DSP technology that brings your voice to center stage. cVc technology identifies and balances vocals by filtering out ambient noise for end-to-end high fidelity. For even more precision, the slim and easily adjustable boom mic can be positioned for optimal voice capture and rotated away when not in use.

Outstanding Audio Quality

Never miss a word during important calls with 7th-generation Bone Conduction Technology and PremiumPitch™ 2.0. The headset accurately picks up and equalizes medium and high-frequency vocals, ensuring you hear every word distinctly and without distortion.

Stay Connected and Situationally Aware

Working from home, in the office, or on the go often requires situational and sensory awareness. With the OpenComm2 UC's open-ear design you're always connected to your surroundings so you never miss a beat.

User-Friendly Integrated Controls

Integrated headset operations reduce PC or mobile device controls to simplify functionality. Simply press a button to adjust the volume, mute and unmute during calls, play or pause audio, check the battery level, and more.

Moisture-Resistant Durability

Worry less about splashes and light spills with IP55 water-resistant durability and the microphone's water-resistant acoustic mesh.

Techninė specifikacija
