- ✓ Calls made simple, 2.8-inch screen and textured keys
- ✓ IP54 protection against dust and spray, and emergency button for added safety
- ✓ Excellent listening experience, VoLTE and M4/T4 hearing aid compatibility
- ✓ 4G LTE

Aprašymas

We know that anyone who has spent 30, 40 or even more years pressing keys on the phone is reluctant to say goodbye to the key. The good news is that it doesn't have to be that way! There is the emporiaJOY, a flip phone for seniors with a robust hinge and external display.

What else sets the emporiaJOY-LTE apart? Lots! The senior flip phone has easy-to-grip buttons and speed dial buttons. It is also IP54-certified and therefore dust and splash-proof. The modern device offers an excellent listening experience and is also particularly suitable for those who wear a hearing aid (M4/T4). We have also equipped the emporia JOY-LTE with an emergency call button so that you can quickly contact your most important relatives in an emergency. And the 2 MP camera lets you take a quick snapshot in no time at all. This allows you to capture the most beautiful everyday moments for eternity.

Functions are one thing - but the emporiaJOY-LTE also impresses with its elegant design. You can choose between a black or a red device and are guaranteed to attract a lot of attention. Because the elegant senior flip phone is simply chic. Period.

Our two-year guarantee ensures that you can enjoy this flip phone for seniors for a long time - and then there is the option of having the emporiaJOY-LTE repaired should this become necessary. Sounds like a good choice, right?
