Pagrindinės savybės

- ✓ Office
- ✓ USB
- ✓ QWERTY US International
- ✓ Full-size (100%) Numeric keypad
- ✓ Black
- ✓ 1 pc(s)

Aprašymas

Proven Design. Enhanced Architecture.

Same trusted security keyboard platform — now built on a fully in-house developed electronic and firmware architecture.

Firmware Update Capability

Flash-based controller enables field updates and long-term adaptability to regulatory and security requirements.

Driverless CCID Integration

Operates via Microsoft native CCID driver and Linux pcsc-lite — no proprietary driver installation required.

Integrated Copilot Key

Modern workplace enhancement supporting evolving digital workflows.

Reduced Packaging Volume (- 15%)

Optimized logistics footprint, lower transport costs, improved sustainability profile.

Security - Critical Workplace Protection

Integrated smartcard reader for electronic signatures, authentication, encryption, and access control.

The Smart Board 1150 combines reliable performance with a clean, functional design – while maintaining a strong focus on security . The integrated smartcard reader meets key requirements for electronic signatures, user authentication, data encryption, and access control . When used in combination with compatible software, this wired security keyboard becomes an intelligent access control solution at the workplace – certified, durable, and trustworthy . It ensures that sensitive IT infrastructure remains securely protected against unauthorized access.

The Smart Board 1150 TAA combines reliable performance with a clean, functional design – while maintaining a strong focus on security . It is designed for GSA sales to government agencies, the military, their vendors and suppliers as well as other organizations requiring end products which meet the manufacturing requirements according to the U.S . Trade Agreement Act Specifications (TAA). The integrated smartcard reader meets key requirements for electronic signatures, user authentication, data encryption, and access control . When used in combination with compatible software, this wired security keyboard becomes an intelligent access control solution at the workplace – certified, durable, and trustworthy . It ensures that sensitive IT infrastructure remains securely protected against unauthorized access .

Techninė specifikacija

Specifications
