Aprašymas

The ACT AC5475 is a functional USB keyboard with an integrated Smart Card Reader. This keyboard is specially designed for use in the security, medical and/or the financial sector. The AC5475 is PC/SC compliant, so the keyboard is suitable for all common operating systems. The built-in Smart Card Reader reads your eID or Smart Card. The keyboard has a Belgium (Azerty) layout and is equipped with a USB connection.

Control your taxes digital

Do you want to use all the digital possibilities of the Belgium identity card? The built-in Smart Card Reader reads data from your eID. So you can easily arrange your taxes online or sign digital your e-mails to the government.

Private and Business

Besides digital communication with the Belgium government, the AC5475 is the ideal keyboard for professional use. The built-in card reader is designed to meet all major Smart Card standards and specifications, including personal identification cards. This makes it useful for e-Commerce, e-

Business, digital signature, authentication and access protection. The card reader is CAC approved and compliant with PC/SC as well as WHQL. In addition, the AC5475 is a functional keyboard and compatible with any computer. One free USB port is all you need to connect.
