Pagrindinės savybės

- ✓ Print address, shipping and filing labels, and temporary indoor signs up to 62mm wide with automatic label size detection
- ✓ Wide range of label sizes available in both paper and plastic film materials
- ✓ Integrated cutter means you can choose the exact length of label required (up to one metre)
- ✓ Each roll is supplied on a spool that simply slots into the correct position in the printer every time, eliminating text alignment and paper jamming issues.
- ✓ Choose from pre-sized labels or Brother's continuous roll option which allows you to print labels to the size you need up to 1 metre in length

Aprašymas

Find the latest prices on Rymans The smart, compact design of the QL-600G address label printer allows it to sit neatly on your desk, connected to your PC or Mac's USB interface. Using P-touch Editor label design software (available as a free download) you can add text, images, barcodes, frames and other items onto your labels before printing. Use the integrated cutter together with one of the continuous DK label rolls to create labels up to one metre in length - ideal for signs and banners. Or add to this a large range of various pre-sized die-cut label rolls, and you have the ideal postage or shipping label printer that can do so much more.

Techninė specifikacija
