- ✓ Smart-Link technology for easy start-up
- ✓ Provides improved comfort and ergonomics when working with the mouse thanks to a more natural posture
- ✓ Especially low energy consumption
- ✓ Switchable sensitivity between 1000, 1400 and 1800 dpi

Aprašymas

FOR RELAXED, PAIN-FREE WORK AT THE PC AND NOTEBOOK

Germans spend an average of seven to nine hours a day at the workplace or in their home office. So it's all the more important that the desk at work and at home is ergonomically arranged with the aim of maintaining and improving health. In particular, the hand that is used to operate the mouse is subject to considerable strain each day.

PRACTICAL BUTTONS

Our 'EMW-500' mouse is not a simplified version of a standard mouse, but is equipped with everything needed to make office work with a mouse easier and more relaxed. Use the browser buttons to easily navigate back and forth within your Internet browser.

MAUS MIT EINSTELLBARER EMPFINDLICHKEIT

Je nachdem, welche Arbeit Sie am PC verrichten, können Sie die dpi ganz nach Ihren Bedürfnissen einstellen, maximal 1800 dpi für eine hohe Empfindlichkeit und schnelle Mausbewegungen oder eben langsamere Mausbewegungen mit geringer Empfindlichkeit mit 1000 oder 1400 dpi.

Im Home Office können Sie bequem auf dem Sofa lümmeln – die Kabellänge von 1,8 Metern erlaubt kreative Sitzpositionen.

Techninė specifikacija
