performance and read speeds of up to 550MB/s, it will make boot-ups, data transfers and application load times a breeze.

Performance problems are behind you

The NS100 SSD gets rid of your computers performance anxiety from having an old traditional hard drive and allows it to take center stage with more speed and storage space than ever had before.

Built to last

Unlike traditional hard disk drives, the NS100 SSD has no moving parts, so it's more durable and less likely to fail. Add to that, it's shock and vibration resistant and you've got one robust and reliable SSD to safely store and render your large-sized data, photos, and 4K videos.

Rigorously tested

All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.
