## Pagrindinės savybės

- ✓ Bluetooth headset with charging station for comfortable use in everyday business situations in the office and home office: hands-free telephony without restrictions and easy switching between mono or stereo mode
- ✓ Thanks to the custom-adjustable headband, the Bluetooth headphones fit the shape of your head perfectly
- ✓ At just 145 g, the mono version of the wireless headset is a true lightweight and therefore offers especially high wearing comfort
- ✓ Adjust the volume directly on the earpad
- ✓ Mute button on the microphone arm of the multi-point headphones for immediate silencing of the microphone
- ✓ Reliable Bluetooth and 2.4 GHz radio technology with a range of 10 metres (depending on use and environmental conditions)
- ✓ Standby after 10 minutes of inactivity of the wireless headset
- ✓ The radio receiver connects the headset and laptop, etc. - simply Plug and Play

## Aprašymas

As flexible as you are: the wireless headset can be connected to two devices simultaneously and can even be used as a single-sided mono headset. Full concentration on the phone? The headphones use LEDs to show a red card to any colleagues who try to interrupt you during a call.

### Wireless headset

For more freedom of movement: wireless headset for a tidy work space with hands-free calling and no cable spaghetti

**Multi-device**

1 headset, 2 devices: whether it be a PC, laptop, tablet or smartphone, with the office headset you can connect up to two devices simultaneously via Multipoint, saying goodbye to tedious plug switching

**Mono and stereo mode**

Easily switch: for a focused meeting, use the stereo version with two earpads, while for a casual conversation where you also want to be aware of your environment, switch to mono mode by removing the right earpad

**280° vertically adjustable microphone arm**

Adjust the position to suit easily or switch sides: the microphone arm can swivel around 280°, making it suitable for left-handed and right-handed users

**Call LED on the microphone**

Visible call: sitting down and chatting is no longer a thing as your colleagues will be able to see from the red LED that you are on a call

**Long battery life**

Never miss a call again: thanks to a 30-hour battery life, you'll always be contactable

**Superb wearing comfort**

For extra-long conversations: on-ear headphones with padded earpads and headband for the perfect fit, even if the conversation is a long one

**Multi-function button**

Easy to use: control call and smartphone functions via the multi-function button directly on the wireless headphones' earpads (e.g. take / make / reject calls / last number redial / music)

**Charging station**

Charge and store: the charging status LED indicates the charging progress and also serves as a holder for the Bluetooth headset when not in use to ensure a tidy workstation

**On/Off switch**

Energy saving made easy: with the separate On/Off switch, the Bluetooth headset with microphone only draws current when you need it

**Rechargeable**

Sustainable and practical: instead of tiresome battery changes, simply charge up the battery for the wireless headphones via USB-C

**No waiting**

Charge and call at the same time: when the battery is empty, simply plug in the cable and carry on using the business headset. That's how modern offices work nowadays

**Voice over IP**

Ideal meeting partner: the headset with microphone supports voice over IP, e.g. Skype, Teams, Zooms, YouTube, Office Calls, video conferences and more

**USB charging cable**

Always flexible: extra-long cable for more flexibility and freedom of movement and a straightforward connection of the wireless headset to the PC or notebook
