- ✓ Intelligent battery saving system and on/off switch
- ✓ Multimedia keys
- ✓ Tilt legs with non-slip rubber feet to keep the keyboard in place
- ✓ Compatible with Windows and macOS devices

Aprašymas

The ACT Ergonomic Bluetooth Keyboard is designed for comfortable and productive typing throughout the day. The ergonomic curved split layout and integrated pillowed wrist rest provide a natural position for your hands, wrists and arms. Connect the keyboard to up to three devices simultaneously via two Bluetooth connections and one USB-A receiver. Switch effortlessly between your connected devices. Silent keys, multimedia shortcuts and an intelligent battery-saving system make this keyboard ideal for both home and office use. Suitable for both Windows and macOS devices.

Ergonomic split design with comfortable wrist rest

The full-size keyboard features an ergonomic curved split layout that encourages a more natural typing posture. Combined with the soft pillowed wrist rest, it helps reduce strain on your hands, wrists and forearms during long working days. The adjustable tilt legs allow you to set the keyboard at your preferred typing angle for optimal comfort.

Multi-connection: connect up to three devices simultaneously

Connect the keyboard wirelessly to up to three devices at the same time. Use the two Bluetooth channels for laptops, tablets or smartphones and connect a desktop PC using the included USB-A receiver. Switching between connected devices is quick and effortless, making the keyboard ideal for multi-device workspaces.

Silent keys for comfortable typing

The keyboard is equipped with silent keys for a quieter typing experience. The reduced typing noise helps minimize distractions and makes the keyboard suitable for offices, shared workspaces, libraries and home offices.

Full-size layout with multimedia keys

The full-size keyboard with QWERTY layout includes a numeric keypad and convenient multimedia keys. Easily control volume, media playback and other frequently used functions directly from your keyboard.

Stable and reliable design

The keyboard is equipped with tilt legs and non-slip rubber feet to keep it firmly in place while typing. This ensures a stable and comfortable user experience on virtually any desk surface.

Intelligent battery-saving system

The keyboard features an intelligent power-saving function and a convenient on/off switch to help extend battery life. When not in use, simply switch off the keyboard to conserve power and maximize battery performance.

Compatible with Windows and macOS devices

The ACT AC5450 Ergonomic Bluetooth Keyboard is compatible with both Windows and macOS devices. Easily connect the keyboard to a Windows PC/laptop and/or Apple iMac/MacBook using Bluetooth or the included USB receiver. The multi-device connection functionality allows you to switch seamlessly between different operating systems, making the keyboard an excellent choice for mixed Windows and macOS work environments.
