Aprašymas

The ASUS DC310 is a versatile docking station designed to enhance productivity and connectivity for various devices. Featuring a robust USB-C cable integrated into its compact structure, this docking station provides seamless access to a range of interfaces including USB 3.1 Gen 2, HDMI, and Ethernet. With a length of 65 cm, it's easy to position the DC310 in an optimal location while ensuring a tidy workspace. The dual display support with a maximum resolution of 3840 x 2160 and a refresh rate of 60 Hz brings visuals to life, making it suitable for both work and entertainment purposes. Equipped with features like wake on LAN and Preboot Execution Environment (PXE) support, this docking station boosts productivity and ensures a streamlined boot process. It offers 100 W power delivery, enabling users to charge devices efficiently while managing multiple connections. Additionally, a sleep/wake button and Remote IT management capabilities enhance user experience and control. The inclusion of a Kensington security slot provides peace of mind when it comes to device safety, making the ASUS DC310 a reliable choice for professionals and casual users alike.
