Aprašymas

Euhomy BR009-55BL-DEEH 37L beverage cooler (black)

The Euhomy cooler is a compact refrigerator for storing beverages, which can hold 55 cans of 330 ml or 12 bottles of 750 ml. With 7-step temperature control (from 7.7°C to -1.6°C) and quiet operation at 38 dB, it perfectly combines comfort of use with functionality. Equipped with an air circulation cooling system and energy-saving technology, it ensures that your drinks are always properly chilled.

Adjustable space and LED lighting

The interior shelves can be easily removed or adjusted to different bottle and can heights, giving you complete flexibility in arranging the interior of the refrigerator. This makes it easy to store both classic carbonated drinks and bottled drinks. The interior is illuminated by a soft blue LED light, which improves visibility in low light conditions.

Precise temperature control

The control panel with a digital display allows you to easily set the ideal temperature. You can choose from 7 cooling modes that can be easily adjusted to the type of beverages stored. The refrigerator automatically maintains the selected temperature using an energy-efficient air recirculation system, which ensures even cooling.

Quiet and energy-efficient operation

The appliance is equipped with an efficient R600a compressor that combines efficiency with low energy consumption – only 0.53 kWh per day. This makes the display case a great choice for restaurants, hotels, etc. The refrigerator operates at a noise level of 38 dB, so it is virtually inaudible in everyday environments, without disturbing conversations or rest.

Versatile design and ease of use

Both visually and functionally, the display case has been refined in every detail. The door is made of a double glass panel with a seal – this solution protects the contents from temperature loss and the influence of external heat. The hinges are reversible, allowing the door to be mounted to open to the left or right, depending on the position of the refrigerator in the room. Adjustable feet allow the appliance to be leveled on uneven surfaces, ensuring stability and quiet operation.

Manufacturer	Euhomy
Model	BR009-55BL-DEEH
Color	Black
Capacity	37 l
Voltage	115V~60 Hz
Intensity	1A
Cooling	R600A, 0.49Oz/14g
Dimensions	43 x 41 x 47 cm
Weight	15 kg
Energy efficiency class	F
