Aprašymas

The Leitz IQ OptiMax home office shredder offers an innovative, stylish shredding solution, delivering exceptional document security and peace of mind. This high-security DIN P5 paper shredder effortlessly shreds up to 6x A4 sheets at a time into micro-cut pieces, making it an ideal small shredder for personal and home office use. Featuring unique Bin Rotation Technology (BRT), the Leitz shredder maximizes bin capacity by +45%*.

The rotating bin ensures flat, even paper distribution, preventing paper peaks and allowing an additional 70x A4 sheets to be shredded before needing to empty. With BRT, there's no need to remove or shake the bin — the 'bin full' indicator activates only at 100% capacity. The 15L bin holds up to 225 x A4 sheets, illuminated by a stylish blue light during use for an enhanced shredding experience. An intuitive LED display provides clear warning indications for bin full, door open, overheat, and overload, ensuring smooth, hassle-free operation. Designed for home workspaces, the Leitz IQ OptiMax 225 office shredder offers ultra-quiet performance to minimize disruption, making it perfect for shared living spaces. Its sleek, compact design blends effortlessly into any room, fitting easily into smaller areas without sacrificing performance. With 20 minutes of continuous runtime, this shredding machine delivers reliable, secure shredding for daily document disposal. White colour.

*Leitz IQ OptiMax 225 tested with and without bin rotation technology.
