Aprašymas

LaserPecker 2 Suit Version

LaserPecker 2 is a laser that combines performance, versatility and mobility. With its advanced technology and intuitive operation, the device opens up new possibilities in the field of object personalization. It is ideal for professionals and amateurs wishing to explore the world of laser engraving.

Engraving photos and a variety of materials

The LaserPecker 2 stands out for its ability to engrave photos from an album or camera, allowing users to create unique, personalized works. The device has the ability to work on a variety of materials, such as wood, metal, leather and plastic, making it an extremely versatile tool, ideal for a variety of projects.

Mobility and performance

Despite its small size, the LaserPecker 2 is an extremely powerful device. Its compact design makes it easy to carry and allows engraving in places that are difficult to reach with other devices. This makes it ideal for those who change their workspace frequently or work with objects of unusual form.

Electric stand with adjustable focal length

The electric stand is another asset of this device. It allows you to precisely adjust the focal length using the side buttons, which increases the accuracy and quality of engraving. In addition, the ability to hold the laser at the desired angle allows for optimal adjustment to the engraved surface.

Compatibility and supported formats

The LaserPecker 2 also stands out for its excellent compatibility with various operating systems, such as iOS, Android, macOS and Windows. Support for a wide range of file formats, including jpg, svg, png, bmp and many others, makes this device extremely versatile.

Advanced laser technology

The LaserPecker 2 is a device equipped with a 5000mW NICHIA laser diode with a wavelength of 450nm, which provides outstanding precision and engraving performance. Its ability to work at 1K, 1.3K and 2K resolutions enables clear and detailed effects on a wide range of materials. The device has an impressive precision of up to 0.025mm, which guarantees exceptional quality of final products. This makes the LaserPecker 2 suitable for intricate and precise projects, both at home and in professional applications.

Included

- Laser
- Power cable with power adapter
- Electric stand
- LaserPecker Versatile Electric Roller
- Laser cover
- USB cable x 2
- Protective goggles
- Ruler
- Wrenches and screws

Brand	LaserPecker
Model	L2
Version number	2021-7A
Laser type	450nm NICHIA Diode Laser

Output power of the laser source	5000mW
Data transmission	Bluetooth 5.0
Supported formats	jpg, svg, png, bmp, G code, CAD, AI, CDR, dwr and more
Compatibility	iOS 9.0 and above, Android 6.0 and above, macOS 10 and above, Windows 10 and above
Power input	DC (12V, 5A), AC (100-240V, 50-60Hz)
Power	5W
Operating temperature range	0°C-65°C
Operating humidity range	5%~80%
Safety certification	EC 60825-1, CE, ROHS, FCC, FDA, CDRH registration IEC 60825-1, NCC, KC, UKCA, TECLEC
Engraving speed	800mm/s
Precision	0.025mm
Engraving area	2000mm
Resolution	1K/1.3K/2K
Distance	110nm
Viewing speed	3750mm/s
Weight	2.2kg
Dimensions	Laser unit: 162.5 x 60 x 122mm, electric stand: 194 x 153.5 x 236mm
Continuous operation time	168h
Lifetime	10000h

Net weight: 4060, Box width: 29,50, Box height: 18,50, Box length: 35,50, Gross weight: 4790, Power (W) [eng]: 5, GPSR Link: https://psr-assets.innpro.pl/creative_technologies/sg_creative_technologies_laser_engravers_and_cutters.pdf, Information about data generation: <https://dataact.innpro.pl/laserpecker/5906168430831>
