Aprašymas

The Lanberg USB cable is designed for reliable connections between devices. This cable meets USB 2.0 standards and features shielded technology to minimize interference, ensuring a stable transfer of data. Equipped with a ferrite core, it reduces signal noise for better performance, ideal for various applications.

With a 4-pin Type-A connector on one end and a 4-pin Type-B connector on the other, this cable is perfect for connecting peripheral devices to computers. Its gold-plated connectors enhance conductivity while preventing corrosion, ensuring long-lasting durability for everyday use.
