Pagrindinės savybės

- ✓ Paper shredder for home and office: - Micro-cut shredder for up to 10 sheets of DIN A4 paper (80 gsm) at a time, also shreds plastic cards in the paper intake for secure destruction of particular confidential and secret data
- ✓ Automatic Start / Stop function: the cutting rollers start automatically as soon as the material to be shredded is fed in, and stop as soon as the shredding process is complete for more convenience and less noise
- ✓ Paper shredder with reverse function: especially useful if a jammed document needs to be released again using the automatic and reverse button
- ✓ Protection class 3: the professional shredder guarantees a very high level of protection for particularly confidential and secret data on paper (P5), magnetic data carriers such as ID cards (T5) and electronic data carriers such as chip cards (E4)
- ✓ Shred even wide US letter format conveniently and quickly: 220 mm intake and 1.8 m/min cutting speed
- ✓ Comfortable feed, placement wherever: the shredder on rollers is easy to move
- ✓ Includes pull-out paper basket (20 litres) with viewing window
- ✓ Easy handling via the 3 control buttons: On/Auto/Off, Reverse, Forward
- ✓ Even easier operation thanks to clear function LEDs: "Power", "Overload", "Overheat", "Bin Full", "Standby"
- ✓ Premium quality and high flexibility: thanks to the high-quality cutting mechanism and practical components, the shredder is suitable as a professional device in the office, private household and home office

Aprašymas

Private as well as business documents: personal and other sensitive data should be carefully shredded before disposal. Our premium shredder with particle cut gives fraudsters no chance: shred crucial documents and plastic cards with ease.

GDPR-compliant thanks to security level 5

Securely destroy confidential data: according to DIN 66399, this document shredder with security level P5 is suitable for the destruction of personal data in paper form in accordance with the General Data Protection Regulation (GDPR)

Extra-small scraps of paper

The smaller the shreds, the higher the volume: the document shredder with particle cut (micro-cut) produces extra-small paper shreds measuring 2x12 mm and creates a higher collection volume in the basket

10 sheets at a time

Paper shredder with excellent cutting performance: the paper shredder shreds up to 10 sheets of paper (80 gsm) or 11 sheets of paper (70 gsm) in one cutting process

Secure disposal of plastic cards

Shredder for documents and more: plastic cards with magnetic strips, EC cards or credit cards can also be shredded quickly and securely via the paper feed

Quiet motor

Whether it be paper, plastic or staples - the shredder performs its shredding work especially quietly, creating an unobtrusive noise background for everywhere from large offices to home offices

Removable basket

Document disposal made easy: the collection bin in the paper shredder can be easily pulled out for the clean and convenient disposal of paper shreds

Up to 15 min continuous operation

For many documents: without annoying interruptions, the shredder works in continuous operation for max. 15 minutes at a time, perfect for shredding large quantities of paper

Overheating protection

Safe from premature damage: to prevent defects in the device, the document shredder with overheating protection switches off automatically and cools down in time

Staple-safe

Shred documents easily: thanks to the staple-proof quality steel blade shafts, the document shredder also shreds stapled files effortlessly
