Holiday pictures

When you want to print your holiday memories, you need a print that rivals that of the photo lab, which is when Glossy Photo Paper "Everyday Use" is the right choice.

Instant-dry photos

Genuine Canon photo papers have a micro-porous coating that quickly absorbs ink deep below the surface to prevent any excess ink from being left on the paper's surface. The result: instant-dry photo prints.

Perfect gloss

Canon glossy papers lock the ink deeper below the top glossy surface than other papers do. This way a 'glossy' finish is always glossy.

Photos that last a lifetime

Glossy Photo Paper "Everyday use" is an excellent match for Canon ChromaLife100+ inks. Combined Canon's FINE print head, inks and Canon genuine photo paper protect photos from gases and light to keep those precious memories protected for future generations.
