Aprašymas

The InLine heavy-duty TV wall mount is particularly suitable for large and heavy devices. An additional extension allows TVs to be fully tilted. This makes the back easily accessible for cabling or maintenance. In addition, the levelling enables perfect positioning in balance after installation. The viewing angle can be flexibly adjusted with the swivel function. Spring locks with release tabs allow the TV to be quickly detached from the wall. The anti-theft function secures the unit to the wall when necessary.
