Pagrindinės savybės

- ✓ 2 shelves
- ✓ Cable management
- ✓ Maximum weight capacity: 50 kg Maximum screen size: 94 cm (37")

Aprašymas

Mobile use without modification:The rollable TV cart allows for quick relocation between rooms.

Ergonomic height adjustment:The telescopic column allows for precise adjustment of the screen height for different situations.

Neat cable management:The internal cable routing ensures a tidy and professional installation.

Robust construction:The aluminum design offers high stability and a modern look.

More functionality in one system:Rotation and tilt function plus storage for playback devices facilitate operation.

The InLine® TV cart is a professional solution for the mobile use of large displays in conference and training environments as well as for presentations. The sturdy aluminum construction impresses with its durability. The telescopic column allows for convenient height adjustment, so that the screen can be quickly adapted to different usage situations.

The rotating and tilting holding mechanism allows flexible alignment of the display. This ensures that content remains clearly visible from different viewing angles. The integrated cable management system contributes to a clean appearance and reduces potential trip hazards. A sturdy shelf provides space for receivers, cameras, or mini PCs. Large, smooth-running casters with locking brakes support safe transport and secure positioning.

Display size:Suitable for 37"-70" (94-178 cm)
Maximum load capacity:50 kg
VESA compatibility:Max. 600 x 400 mm; supports 200 x 200, 400 x 200, 300 x 300, 400 x 400
Tilt range:+5° to -12°
Rotation range:0-90°
