Aprašymas

The ADVANCE Series is the highest level of i-tec accessories bringing you the cutting edge technologies of products with a modern design and exclusive packaging.

Combination of passive USB HUB with Gigabit Ethernet adapter, for easy and fast connection of your favorite USB peripherals to your notebook, tablet, PC or smartphone with new USB-C or Thunderbolt 3 interface, and for fast network and Internet access with Gigabit Ethernet connection.

The HUB offers three USB 3.0 ports with the Plug & Play function and standard USB charging – it will automatically detect connected equipment for USB charging. The USB 3.0 interface is important mainly for data transfers from USB 3.0 memory cards and flash disks which will use its high transfer speed most.'

The Gigabit Ethernet port allows you easy access to 10/100/1000 Mbps network. You can enjoy high speed internet access without any interruption.

This HUB is powered from the USB bus and it has a built in overcurrent protection of your computer in case of short connection on the peripherals. It supports a wide range of operating systems from Windows and Mac OS to Linux. Ethernet network connection can also be used in the Android system. However, the support of this function must be included by the manufacturer directly in the particular Android device. You can easily check this support in Network Connection Settings → Other Networks, which must include Ethernet.

The HUB is suitable for use with Apple MacBook 2015, Chromebook Pixel 2015, Acer Switch Alpha 12, Dell XPS 13, HP EliteBook Folio G1 and other

devices with the USB-C connector. The USB-C connector has many advantages, it is smaller, symmetrical and allows easy connection, because now you need not take care of the rotation of the connector. More information about the USB-C is available [here](#).

Techninė specifikacija

Specifications	
Sandėlio grupė	Server, Storage & Network > Network Adapters [+1948][-605]
Features	
Product colour	Black
LED indicators	LAN
Chipset	ASIX AS88179
Ports & interfaces	
USB 3.2 Gen 1 (3.1 Gen 1) Type-A ports quantity	3
Weight & dimensions	
Width	125 mm
Depth	29 mm
Height	15 mm
Weight	50 g
Packaging data	
Package width	220 mm
Package depth	153 mm
Package height	32 mm
Package weight	105 g
System requirements	
Mac operating systems supported	Yes
Windows operating systems supported	Yes
Linux operating systems supported	Yes
Power	
Power source type	USB
