Aprašymas

The Neomounts DS45-430BL12 is a TV desk stand for screens up to 43" with a weight capacity of 40 kg. The TV stand features a practical swivel option (70°) to easily position the TV in the optimum viewing angle. Additionally, the TV desk stand can be adjusted in height in one of the three pre-set positions.

The hefty glass base of the DS45-430BL12 provides extra screen stability, even at maximum size and weight. It provides an excellent solution for users who prefer not to drill holes in walls or for those who no longer have the original TV stand. In addition, the DS45-430BL12 also offers flexibility in screen use, as the TV stand can be moved to different places as desired.

The DS45-430BL12 is suitable for screens that meet pattern 100x100 to 200x200 mm. For non-standard hole patterns, Neomounts has various VESA

optional adapter plates available. Cables can be routed neatly thanks to the practical cable clips.
