Aprašymas

**An Easy-to-Use Smart
Managed Switch,
No IT Required**

Festa □ A Networking Solution Built For Small Business, No IT Required

Festa offers business-class features with consumer-inspired simplicity. Our free cloud-based centralized management is accessible via the Festa app or web, providing essential features for small businesses without the complexity required by larger-scale operations.

Full Gigabit Port for Smooth Data Transmission Without delay

Festa switches provide a combination of Gigabit RJ45 ports and SFP slots, suitable for various scenarios. With up to 56 Gbps of switching capacity, data transmission is faster and smoother.

Business-Level Features Ensure Experience Beyond Expectation

VLAN for Security

Helps to create network with higher security and better overall performance by dividing network into smaller groups.

Link Aggregation for Doubled Speeds

Combine two Gigabit links into a single logical link to get up to 2Gbps link, along with increased reliability and availability.

IGMP Snooping

Ensures a better network experience for applications like IPTV, by optimizing multimedia traffic delivery.

Access Control List

Higher security of restricting unauthorized users from accessing business-sensitive information.
