- ✓ 1x USB Type-C™ with a transfer rate up to 5 Gbit/s
- ✓ Housing made of stable metal
- ✓ Fits a standard 3.5" bay

Aprašymas

In the infinite depths of the workplace

Take a deep breath. Put the headset down. Push the chair backwards. Take the USB hard drive in your hand. Duck under the desk. Searching for a free USB port in the darkness and greet the desktop with your head on the way back. The daily work with PCs with too few USB ports is now a little more comfortable again. The IB-HUB1418-i3 brings all currently required USB ports to the front of your PC.

3+1 is 5 Gbit/s

The USB 3.0 standard provides up to 5 Gbit/s read and write speed, allowing external SATA III hard drives to be full used for the first time. This allows data to be transferred even faster and minimizes waiting time. The USB Type-C™ connection also ensures frustration-free use of USB devices, as these can be connected in a reversible manner.

Not only useful but handsome

Devices that we use every day should not only work, but also appeal to us visually. The IB-HUB1418-i3 with its simple black paint on the stable metal

housing would particularly like to please us here - and is very successful

Techninė specifikacija

Specifications	
Sandėlio grupė	Server, Storage & Netzwerk > Switche [+1398][-565]
Features	
Product colour	Black
Hot-swap	Yes
Chipset	GL3520 ASM1543
