Pagrindinės savybės

- ✓ Fast 30W USB-C Charging
- ✓ Built-In USB-C Cable
- ✓ 10,000mAh Battery Capacity

Aprašymas

Overview

Reliable power, wherever your day takes you. The HyperJuice Flex 10K 30W Power Bank is built for everyday use, combining fast 30W USB-C charging with a compact, easy-to-carry design. The built-in USB-C cable keeps charging simple and ready when you need it, while doubling as a carry loop for added convenience. With a 10,000mAh (36Wh) capacity and support for charging multiple devices via USB-C and USB-A, it's designed to keep your essential devices powered throughout the day. Built with safety in mind, it undergoes 115+ independent safety tests to ensure consistent, reliable performance. With a sleek design, it's bold, functional tech that fits your everyday charging needs.

Fast 30W USB-C Charging

Deliver fast, reliable charging with up to 30W USB-C Power Delivery. Quickly power your phone, tablet, and other USB-C devices when you need it most.

Built-In USB-C Cable

Always ready when you are. The integrated USB-C cable removes the need to carry extra cables, making charging simple and convenient wherever you go. It also doubles as a carry loop for added portability.

10,000mAh Battery Capacity

Keep your devices powered throughout the day with a 10,000mAh (36Wh) capacity, providing up to two charges for an iPhone 17 and reliable backup power wherever you go.

Real-Time Battery Display

Stay in control with a clear digital display that shows your remaining battery percentage, so you always know when it's time to recharge.

Charge Multiple Devices

Charge up to three devices at once using the built-in USB-C cable, USB-C port, and USB-A port, making it easy to keep your everyday devices charged from a single power bank.

USB-C Input and Output

Recharge the power bank and charge your devices using USB-C, with support for 30W Power Delivery through both the USB-C port and built-in cable.

Airline Carry-On Compliant (36Wh)

Meets airline carry-on battery regulations (36Wh), so you can travel with confidence while keeping reliable backup power close at hand.

Tested to 115+ Safety Standards

Built with safety in mind, each charger undergoes 115+ independent tests, with protection against over-current, over-voltage, overheating, and short circuits, and a fire-retardant rating that meets UL requirements.
