Aprašymas

Aimed at car video recorders, security cameras and surveillance systems, Transcend's high endurance micro SDXC/SDHC card is built with high-quality MLC NAND flash chips to withstand up to hours of Full HD video recording, providing long-life durability and prolonged endurance. To ensure the utmost level of reliability, the high endurance micro SDXC/SDHC card undergoes extensive testing under harsh conditions to be verified waterproof, temperature proof, static proof, X-ray proof and shock resistance.

Manufactured using top-tier MLC NAND flash chips, the high endurance micro SDXC/SDHC card is capable of standing up to hours of Full HD video recording, meeting the demands of write-intensive applications where storage capacity and durability performance are desperately required. Additionally, the built-in Error Correcting Code (ECC) can detect and correct transfer errors.
