Aprašymas

Created to fit 15.6" laptops, the functional and eco-friendly Targus® Sagano™ EcoSmart® Campus Backpack features a slim profile design with a padded laptop compartment and a spacious, zippered front pocket for easy access. Inside you'll find a handy workstation to keep your pen, ID, and keys organised while the outside has two convenient side pockets for your reusable water bottles. Whether you're headed to school, the office, or simply packing up your gear to the nearest coffee shop with an outdoor patio, this bag is consciously designed to protect your essentials while protecting the environment.

Its contoured shoulder straps make it comfortable to carry and its mesh back padding allows for air flow to help keep you cool. This bag is made using fabric woven from recycled PET bottles and suits any individual who wants to look and feel good about toting their things. With a clean, contemporary style, you'll be carrying this bag for years to come.

Environmentally Friendly

This bag was designed with the environment in mind. By using GRS-certified recycled materials, 7 plastic bottles were kept out of our waterways and landfills, shredded into small flakes, re-polymerised into plastic pellets, and heated and spun into yarn that was stitched, and sewn into the fabric of this EcoSmart® bag.

Stay Hydrated and Stay Organised

No need to dig to the bottom of your bag for a drink, keep your water bottles in their designated pockets, or have snacks handy in the exterior pocket for that midday lull. This bag allows easy access to your laptop and other necessities to help you make the most of your day.

Ample Storage

The main compartment is roomy enough for your laptop, power cord, and other gear. Additional slip pockets and convenient workstation make for easy access to your phone, ID, or favourite book.
