Pagrindinės savybės

- ✓ **WORK FROM HOME & OFFICE:** Easily switch your monitor between your work laptop and home PC with one button
- ✓ **DUAL MONITOR SETUP:** Use one computer and switch between two screens — perfect for presentations or desk + TV setups
- ✓ **KVM UPGRADE:** Combine the switch with your existing docking station or a hub to upgrade to a full KVM experience—using just one keyboard, mouse, and monitor. For devices with attached cables, a USB-C® female-to-female adapter is required. To ensure compatibility, use our products. Full compatibility with third-party cannot be achieved since the switch device is not included in the USB-C® standard
- ✓ **WORKS WITH MANY DEVICES:** Works with all USB-C® computers and also with Thunderbolt™ devices
- ✓ **POWER DELIVERY BETWEEN DEVICES:** While the switch needs its own 5V USB-C® input, PD passthrough works between host and dock/display
