EcoFlow integrates cutting-edge battery and software technology into everyday portable use with RAPID, the new magnetic charging experience.

### Flash charge and recharge with RAPID power

RAPID uses patented X-Stream technology for flagship smartphone-level energy density and fast charging capability. Plus, it works with the PD3.0 protocol for flash charging and recharging. Paired with Qi2-certified wireless charging and a built-in cable design, RAPID ensures snap-on charging convenience with maximum charging speeds.

### Rely on RAPID for power on the go.

With a high output power and multiple charging protocol compatibility, RAPID charges most portable

devices, including MacBooks, iPads, Kindles, fitness bands, and earbuds.

### **Charge and showcase your style**

Experience ultimate control with our power bank's dynamic screen. View battery status, charging speed, and power output, plus, add a personal touch by customizing your screen via the EcoFlow app.

### **Stay informed with a smart digital display**

The TFT display lets you view battery capacity, output and time to recharge, so you're always informed and in control of your power.

### **Customize your display**

Personalize your RAPID power bank boot screen display with your name or favorite DIY pattern using the EcoFlow app.

Hold or go hands-free

The EcoFlow RAPID combines a sleek design with practicality. Highly magnetic and anti-slip, ensuring a strong grip when in use, reducing movement. The built-in stand offers hands-free use, doubling as a desktop stand.

### **Double protection for healthy, long-lasting charging**

EcoFlow's double cooling protection uses a heat dissipation structure, and 500-times-per-second temperature monitoring, to reduce heat and slow battery aging.

### **Exclusive structure maintains a low temp**

Advanced vehicle-quality tech minimizes electrical resistance with a unique internal cooling system to reduce heat from magnetic charging.

### **Always ready**

The battery maintains more than 95% of energy for a month. Even if it isn't used for a while, you won't need to recharge it.
