Pagrindinės savybės

- ✓ Take your PC security to the max with a durable metal enclosure that's specifically engineered to protect your HP Desktop Mini PC.
- ✓ Place your PC, power brick, and cable connections inside the enclosure and use the VESA pattern to mount to a flat surface, like a wall or a desk.
- ✓ Help deter pulling, tugging or disconnecting cables from the outside with integrated cable routing and clips. Simply remove the protection plate when you need access to front ports and the power button.
- ✓ After you've installed and mounted your system inside the HP Desktop Mini LockBox V2, add a traditional padlock or an HP UltraSlim Lock for an extra layer of protection.
