Aprašymas

Product information "5,25" multifunction front panel, with 6-way card reader" from LogiLink

With LogiLink's multifunction panel, you can quickly and easily expand your computer's connection options: you can now insert 6 different card types into the corresponding card slots, such as M2, MS, SD, microSD, XD or CF cards, and transfer their data. There are also three USB 3.0 Type-A, one USB Type-C, and one eSATA port to which you can connect additional devices. The multifunction panel can easily be mounted in the 5.25" front panel of a computer housing, giving you additional connection options.
