Pagrindinės savybės

- ✓ **Diversity Combined** - The 7-port USB 3.2 Gen 1 hub features 4 USB-C and 3 USB-A connections, allowing you to connect nearly all USB devices. This versatility ensures you're covered for various connectivity needs
- ✓ **Very Fast** - Achieve data transfer speeds of up to 5 Gbit/s with USB 3.2 Gen 1, making it easy to transfer large files quickly. The hub is also backwards compatible, ensuring older devices can be used safely
- ✓ **Cable Included** - The built-in USB combi cable comes with a Type-C® plug and a Type-A adapter, making it easy to connect to almost any computer. Always ready at hand, this cable adds convenience to your setup
- ✓ **Robust** - Crafted from aluminum, the hub is stable and durable while ensuring good thermal conductivity. It's also made from environmentally friendly, highly recyclable materials
- ✓ **Always Connected to Power** - Included with the hub is a USB-C power supply, ensuring it always has enough power for all ports. This feature supports even energy-intensive devices without hassle
- ✓ **Plug & Play** - All ports are Plug & Play-capable and thus allow smooth operation despite frequently changing devices. Simply plug in and unplug the desired storage media, smartphones, or other gadgets

Aprašymas

Simple and full of connections

The USB 3.2 Gen 1 hub is a simple way to connect devices with ease. With four USB-A and three USB-C® ports, it offers super-fast data transfer and connects peripherals with ease. No more worrying about whether the right port is available. Everything is included with this hub!

Always well connected

With the practical USB combi cable, the search for the right connection cable for the host interface is over. The cable has a Type-C® plug and a matching Type-A adapter, which can simply be plugged in as required. The connection cable is permanently installed and connects almost any computer.

Trusted ICY BOX® quality

Electrical appliances should last a long time and not be a burden on the environment. That is why ICY BOX® relies on a high aluminium share in its products. After all, aluminium is highly recyclable. The housing of the IB-HUB1737-C3 is also made of robust aluminium and therefore stands for durability.
