Aprašymas

If your USB-C cable on your current device is too short for your needs, you can use our extension cable to enlarge your work area by 30 cm.

This USB-C extension cable is of high quality, with minimal loss of signal quality and bit rate and, of course, can do everything you can expect from USB-C:

Supports up to 10 Gbps baud rate
Video transmission up to 4K / 60 Hz
Supports power supply up to 60 W

The material used for the extension cable is highly bend- and strain-resistant and will be available for your everyday use not just at your desk but also when travelling.
