Aprašymas

The adapter will allow you to connect USB-C data devices (such as flash drives, external HDD/SSD enclosures, or a USB hub) to your computer, laptop or tablet fitted with a standard USB-A 3.0/3.1 port.

The adapter supports high-speed data transmission (10 Gbps), making it the ideal middleman between the latest USB-C accessories and a classic USB-A port.

Attention: due to the technological limitations of the USB-A port, the adapter is not capable of transmitting video or supplying power to laptops/tablets.
