## Pagrindinės savybės

- ✓ Indoor Passive holder
- ✓ Mobile device type: USB hub
- ✓ Clamp mount
- ✓ Black

## Aprašymas

### Not only for socket strips

The ICY BOX holder can accommodate all connector strips that make work easier, whether socket strips, hub strips or other useful helpers. As long as the part to be attached corresponds to a height of 40 - 60 mm, the IB-MSA106-HH keeps it in a firm grip!

### Cable management

The supply cables for your connector strip can be conveniently hidden in the background on the back of the holder. The cable guide is large enough to hold several cables securely at the same time.

### Whether thick or slim

The IB-MSA106-HH can be easily attached to table tops with a thickness of 10 - 50 mm. No tools are required, because the thumb screw on the threaded rod is all you need for mounting.

## Techninė specifikacija
