Aprašymas

RECYCLE YOUR OLD ELECTRONICS

Unlike most device power solutions our chargers and cables are made with 100% GRS-certified recycled plastic and are 100% recyclable. Thanks to innovative ultrasonic welding technology our chargers are durable and ultra-resistant without the use of glue and screws. All parts can easily be separated during the recycling process.

Step 1

Simply scan the QR code on our packaging, complete the form including reseller and country and download the postage sticker.

Step 2

Attach the postage sticker to an envelope (preferably one made from recycled materials) and send, for free.

Step 3

Your old cables, cases and chargers are processed, logged, dismantled, seperated then shredded into their core materials and ready for a new production.
