Pagrindinės savybės

- ✓ Slate Mobile tablet Black
- ✓ 25.6 cm (10.1") 1920 x 1200 pixels
- ✓ Snapdragon 660 2.2 GHz
- ✓ 128 GB eMMC Card reader integrated
- ✓ Single camera 13 MP Front camera 5 MP
- ✓ 4G Wi-Fi 5 (802.11ac) Bluetooth 5.0 Near Field Communication (NFC) Ethernet LAN
- ✓ 9.8 h
- ✓ Android 8.0

Aprašymas

A VERSATILE RUGGED TABLET PLATFORM RUGGED TO THE CORE

The Zebra L10 rugged platform, formerly manufactured by Xplore Technologies, offers a variety of tablet configurations and a shared accessory ecosystem that sets a new standard in office, vehicle and field-based computing.

Whether your mobile workers prefer a slate tablet (XSLATE L10), a tablet with a rigid-handle and built-in barcode reader option (XPAD L10), or a 2-in-1 laptop/tablet with a full-featured keyboard (XBOOK L10), the functional flexibility of the Zebra L10 ensures that your workers have the right computing tool for their job. Only Zebra offers this many performance, security, connectivity and accessory options in one rugged mobile computer platform.

GET THROUGH TASKS FASTER

With more CPU options than ever, you're guaranteed that the performance-driven L10 rugged tablet platform will be the right fit for your organization and budget, whatever your operating system. For Windows, choose between three different 8th Generation Intel Core-Series processors or an Intel Pentium-series processor. Add a PCIe solid state drive (SSD) for an extra speed boost. For Android, the Qualcomm Snapdragon 660 gives you power and performance to spare. The L10 is available with a range of RAM and storage options for every business and agency application.

EXPAND YOUR USAGE CAPABILITIES

The L10 combines latest-generation NFC, Bluetooth, 802.11ac Wi-Fi, GPS and 4G LTE mobile broadband technologies to provide uninterrupted connectivity. And each L10 rugged tablet can be equipped with workflow specific tools needed for nearly any application. This includes an optional true serial or HDMI-in port, UHF RFID reader (AEI), and built-in bar code reader (XPad only). RJ-45 jacks and multiple USB ports are standard on all models. Front facing and 13 MP rear facing cameras capture images and video, while built-in microphones support VoIP collaboration.

USE IT VIRTUALLY ANYWHERE

The L10 platform defines a new standard of rugged tablets. It is rated for a 6 ft. drop and is subjected to a raft of MIL-STD-810G tests. It maintains its IP65 rating even with the port doors open. It can be used in cold storage, blowing dust, or driving rain. With daylight or sunlight viewable reinforced glass displays and an active digitizer option, your screen will be easy to read wherever you use it. Plus, the optional 5 pass-through antennas means it's ideal for mounting in vehicles of all types.

Techninė specifikacija

Specifications	
Sandėlio grupė	Phone & Tablet > Tablets/E-Books [+721][-285]
Display	
Display diagonal	25.6 cm (10.1")
Display resolution	1920 x 1200 pixels
Display brightness	1000 cd/m ²
Display glass type	Gorilla Glass
Touch technology	Multi-touch
Touchscreen type	Capacitive
Native aspect ratio	16:10
Processor	
Processor family	Snapdragon
Processor model	660
Processor frequency	2.2 GHz
Processor cores	8
