Pagrindinės savybės

- ✓ Basic element of the desk organisation system
- ✓ Provides additional space for further organizational elements such as shelves, holders, monitor brackets, etc.
- ✓ Suitable for mounting on the desk or on the wall
- ✓ Aluminum construction offers a clean and elegant look
- ✓ The modular system ensures that you can change the arrangement and add to it new elements at any time
- ✓ Ideal and efficient solution for double tables: The panel can be used from both sides and is individually adjustable

Aprašymas

Product information "Slatwall panel" from LogiLink

The organization panel EO0019-1 from LogiLink, also called "Slatwall", offers you the possibility to free your workplace from documents, pens and files and still keep them within reach. Simply place the desired elements such as shelves, monitor holders or pen holders on the rail, select the suitable attachment for wall or table mounting and fix it accordingly. In this way, you only keep the necessary things on the desk itself and gain more space for the really important things! The fastening lamellas can be found on both sides of the rail, so you can assemble and use the slatwall panel individually from both sides like for a double table.
