Pagrindinės savybės

✓ Pivoting monitor mount for the slatwall panel rail EO0019-1

✓ Suitable for 13-27" monitors

Aprašymas

The organizing panel from LogiLink, also called "slatwall", offers you the possibility to free your workplace from documents, pens and files and still keep them within reach. Simply place the desired elements such as shelves, monitor holders or pen holders on the rail, select the suitable attachment for wall or table mounting and fix it accordingly. In this way, you only keep the necessary things on the desk itself and gain more space for the really important things!

The swivelling monitor mount EO0019-4 frees your desk from an annoying screen stand and also offers you the possibility to adjust the monitor even more precisely. Thanks to its flexibility, you can adjust it as you wish with a tilt angle of $-45^{\circ}/+45^{\circ}$, a swivel angle of $-15^{\circ}/+15^{\circ}$, and a rotation range of $-180^{\circ}/+180^{\circ}$.

Techninė specifikacija

Specifications

Sandėlio grupė

Display Zubehör [+960] [-27]

Mounting

Number of displays supported	1
Maximum screen size	68.6 cm (27")
