TSW202 is the first-ever managed industrial switch from Teltonika Networks, giving you greater control over how data flows through your network and the role its ports perform in your solution. Define their settings, routing, port mirroring, and more with simplicity and ease.

PoE+ with 30 W max power per port and 240 W total PSE makes the TSW202 centralize your power supply. PoE Management gives you more control over the power distribution of your solution, letting you turn PoE on or off on selected ports.

The switch is equipped with 8 Gigabit Ethernet VLAN ports, allowing for management, configuration,
