## **Wi-Fi Dead-Zone Killer**

Deco M4 is the simplest way to guarantee a strong Wi-Fi signal in every corner of your home up to 2,800 square feet (2-pack). Wireless connections and optional Ethernet backhaul work together to link Deco units, providing even faster network speeds and truly seamless coverage.

Want more coverage? Simply add another Deco.

## **Seamless Roaming with One Wi-Fi Name**

TP-Link Mesh means Deco units work together to form one unified network. Your phone or tablet automatically connects to the fastest Deco as you move through your home, creating a truly seamless Wi-Fi experience.

## **No More Buffering**

Network speeds three times faster than previous generation routers, thanks to 802.11ac wireless technology, make Deco capable of providing a lag-free connection to up to 100 devices.

## **Multiple 3-in-1 Router, Access Point and Range Extender Modes**

Flexible and multifunctional, the Deco M4 includes a variety of features allowing it to serve as a router, access point or range extender. Just choose the mode for your actual network demands and experience the maximum wireless flexibility.

## **Wi-Fi Made Easy**

### **App-Based Setup**

Installing Deco M4 is fast and easy. Just unpack the system, download the Deco app and follow its onscreen directions.

### **Easy Management**

Manage your Wi-Fi at home or away in the Deco app, including seeing the connected devices, prioritizing your devices, setting up a guest network and more.

### **Voice Control**

Pair with Alexa to control Deco M4 with simple voice commands. Enjoy the convenient life.

## **Robust Parental Controls**

Simple, intuitive parental controls make it easy to keep your children safe while they're online.

## **User Profiles**

Easily create a profile for each family member and set custom time limits and online time allowances.

## **Filter Levels**

Keep your family safe online with one-touch security settings that block websites based on age-appropriateness.

## **Time Limits**

Set limits on how much time each person in your family can spend online.

## **Insights**

Check out which sites your children visit and how much time they spend on each to ensure your children are safe while they're having fun online.

## **Suspend Connectivity**

Take a break from Wi-Fi for dinner and family game nights. Just tap a button to suspend internet access for everyone in your home.

## **All Decos Can Work Together**

Deco M4 is compatible with every other Deco model to form a Mesh network. Expand Mesh Wi-Fi coverage anytime by simply adding more Decos.

- Deco uses a system of units to achieve seamless whole-home Wi-Fi coverage — eliminate weak signal areas once and for all!
- With advanced Deco Mesh Technology, units work together to form a unified network with a single network name. Devices automatically switch between Decos as you move through your home for the fastest possible speeds
- A Deco M4 two-pack delivers Wi-Fi to an area of up to 2,800 square feet. And if that's not enough, simply add more Decos to the network anytime to increase coverage
