Aprašymas

ICA PM-18S is a universal projector ceiling bracket up to 13.5 kg. The inclination of the mounting plate adapts to applications on both ceiling and floor that sloped. Provides a multidirectional positioning with four adjustable support arms that can adapt to a wide range of mounting holes. The cables required for assembly are run inside of the central column and therefore are not visible. The QD allows you to install the projector quickly and it may be released easily for maintenance. The column aluminum retractable allows adjustment to different heights. This support for video projector is perfect for use in classrooms, meeting rooms, hotels, bars and restaurants, and more.
