Aprašymas

Introducing JBL TUNE 210 in-ear headphones. They're lightweight, comfortable and compact. Under the metallic-finished housing, a pair of 8.7mm drivers punch out some serious bass, reproducing the powerful JBL Pure Bass sound you've experienced in concert halls, arenas and recording studios around the world. In addition, the single-button remote lets you control music playback, as well as answer calls on the fly with a built-in microphone, making the JBL TUNE 210 your everyday companion for work, at home and on the road.

For over 60 years, JBL has engineered the precise, impressive sound found in big venues around the world. These headphones reproduce that same JBL sound, punching out bass that's both deep and powerful.

Control music playback with a convenient one-button remote. Got an incoming call? Answer it on the fly with the built-in microphone.

A flat cable that's durable and won't tangle up in knots.
