Pagrindinės savybės

- ✓ Black Office/Call center Head-band Headset
- ✓ Wireless Bluetooth 3.0+HS
- ✓ Supraaural 50 - 8000 Hz 89 dB
- ✓ Microphone type: Boom -53 dB
- ✓ Lithium-Ion (Li-Ion) 220 mAh

Aprašymas

Rugged Bluetooth headset with behind-the-neck headband (left). Includes boom and headband module.

When it comes to enabling speech-driven applications and voice communications in warehouses, manufacturing plants and outdoor yards, you need a headset that is specially designed for the job. The HS3100 Bluetooth and HS2100 corded headsets are loaded with features that offer everything you need in an industrial headset.

With Zebra's multi-modal solutions, you can boost worker productivity by 15% - with 39% fewer errors than typical speech-only wearables. Pairing the WT6000 wearable computer with the RS6000 or RS4000 ring scanner, HS3100 or HS2100 headset and our TekSpeech Pro 4 software, gives your workers the hands-free mobility they need to boost productivity to a new level.

HD VOICE BRINGS INCREDIBLE AUDIO CLARITY TO CORDLESS AND CORDED MODELS

Support for HD Voice, also known as Wide Band audio, provides superior voice quality and clarity on all models. Standard phone calls utilize 300 Hz to 3.4 kHz bandwidth — but HD Voice utilizes 50 Hz to 7 kHz bandwidth, providing an additional two and a half octaves of voice information.

SUPERIOR NOISE CANCELLATION TECHNOLOGY

Effectively eliminates background noise to protect productivity. There is no need to repeat information, even in the noisiest environments.

YOUR USERS CAN CHOOSE THEIR OWN WEARING STYLE

Over-the-head or behind the neck. Since the boom swivels 290°, workers using the over-the-head wearing style can easily switch between the right and left ear at any time. When the boom is swiveled, the headset is automatically muted.

WITH GREAT POWER COMES GREAT PRODUCTIVITY

From the leader in enterprise mobile computing and creators of the first-to-market wearable computers, Zebra's Total Wearable Solutions are the best hands-free devices in the industry today. See how to increase worker productivity by 15%, turning your workforce into Superheroes of Productivity.

THE POWER YOU NEED FOR A LONG SHIFT

Inclusive of all the great features available in the HS2100 corded headset, the HS3100 Bluetooth headset also offers split-second Tap-to-Pair simplicity and a Hot-Swappable battery to provide plenty of power for a long shift without losing the Bluetooth connection to the host mobile computer.

Techninė specifikacija
