Pagrindinės savybės

- ✓ Aluminium
- ✓ Universal
- ✓ Charging source: USB
- ✓ 8000 mAh
- ✓ Wireless charging

Aprašymas

The Ultimate 3-in-1 Magnetic Charging Power Bank

Enjoy seamless Qi/MagSafe wireless charging with up to 15W for supported devices and 7.5W for iPhone, with precise magnetic alignment for perfect placement every time.

This versatile design combines a 3-in-1 charging stand with the freedom of a power bank—ideal for home, office, or travel. Compact and foldable, it transforms from a pocket-friendly power bank into a stable stand, and works even while folded.

Charge up to four devices at once: iPhone, Apple Watch, AirPods (or other TWS earbuds), plus one device via USB-C, with up to 12W total output. A dedicated 5W Apple Watch charger delivers faster charging for Apple Watch Ultra and Series 6 or later.

With an 8000 mAh capacity, fast 20W USB-C input/output, and a premium aluminium body for durability and heat management, it delivers reliable

performance. An LED indicator shows battery level at a glance, and adjustable positioning supports portrait or landscape mode— perfect for iPhone StandBy.

Includes a 0.3 m USB-C to USB-C cable.
