Aprašymas

The S1A0 UHS-I Card is dedicated for users who want to fully utilize the capabilities of their point-and-shoot or entry-level DSLR cameras. It can be used in both everyday and advanced applications.

Fast UHS-I interface

The use of the fast UHS-I interface allows to achieve good performance – read speed up to 100MB/s and minimal write speed 10 MB/s. This has a direct impact on the quality and reliability of performing functions.

Wide range of use

With the UHS-I speed class GOODRAM card allows you to capture the perfect shot on any device equipped with a SD card slot. It doesn't matter if it is a camera, video recorder or laptop – GOODRAM is a memory that will allow you to keep up with the fast pace of everyday life.

Stable operation

UHS-I interface provides high performance as well as stable and reliable operation of your device. Now even the most professional operations can be performed without any problems and you will be able to discover the new horizons of photography.

Techninė specifikacija
