- ✓ Integrated cable management system
- ✓ CPU mount with safety straps
- ✓ Convenient handles for height adjustment and mobility
- ✓ Easy screen mounting system; Allen key storage, lockable casters
- ✓ Mobile computer cart for one monitor, with CPU mount, keyboard and mouse tray

Aprašymas

The AC8374 Mobile Workstation is a versatile, portable solution designed to create a comfortable workspace. The mobile workstation supports a monitor up to 32" (max. 8kg) with VESA 75x75 and 100x100. Get the best viewing angle by rotating and tilting the screen. The workstation includes a CPU mount with safety straps, an adjustable keyboard and mouse tray with integrated mouse pad and wrist support. The integrated cable management system keeps the workspace organized. With its

lockable casters and convenient handles, you can easily move the computer cart to the desired location.

Mobile workstation for more flexibility

The AC8374 mobile workstation allows you to mount a monitor up to 32 inch (max. 8kg), a CPU and a keyboard and mouse.

This sturdy metal stand has lockable casters to move the cart to the desired direction. The stand is suitable for screens with VESA 75x75 and 100x100.

Adjustable height and viewing angle

The workstation allows you to easily adjust the height of the monitor to max. 160 cm (measured from the center of the monitor) with the convenient safety knob. Do you prefer the portrait mode over the landscape mode? Just turn the screen 90°. With the tilt functionality you can set the best viewing angle.

Adaptable keyboard and mouse tray

Adjust the height of the keyboard and mouse tray to your preferred height and work more comfortably. A wrist rest and mouse pad are included.

Integrated cable management system

The mobile workstation has an integrated cable management system that keeps the cables organized and out of sight.

CPU mount

The CPU mount is height and depth adjustable and comes with safety straps to secure the computer in place.

User scenarios

Mobile workstations are particularly valuable in situations where space is limited, flexibility is required, or when computer access is needed at different locations within the same facility.
